

GTA Vice City Cheats PC

by [Aron Gerencser](#) updated 1 month ago

Below is the entire list of cheat codes for Grand Theft Auto: Vice City on PC.

Using Cheats in Vice City on PC

Like all other Grand Theft Auto games, the PC version of GTA Vice City includes optional cheat codes that players can use to make the game either easier or crazier, or both! Using cheats is also incredibly easy, and we'll show you exactly how to in this guide.

For

: PC.

Time

: 20 seconds.

1. Create A New Save

: It's always a good idea to make a new game save before you start using cheats in any game, not just GTA Vice City. That way, you know you can always return to the same spot and start playing regularly again.

2. Pick Your Preferred Cheat

: There is a huge selection of cheats to choose from, and you can use more than one at the same time. Pick the codes you like from [our list](#).

3. Type In The Code

: To activate the cheat you need to simply type in the associated phrase while playing, without pausing the game. Make sure you pay attention while doing so, as Tommy will react to keyboard commands!

4. Success

: If you followed the instructions above, you'll see a small pop-up indicating cheat activation. If not, repeat the steps.
